

RFID TAGS

Dipole JEWELRY

HIGH RELIABILITY

CUSTOMIZABLE PRODUCT

Dipole JEWELRY is a family of RFID tags for jewelry. Each jewel can be identified with a label of reduced size and great benefits.

You can efficiently manage jewelry products, and watches with an individual identification of each piece, obtaining in a simple and efficient way their traceability, from the origin to the final customer, with a global vision of the supply chain in real time.

Improve the time spent in inventories, shipments, sales, etc. and optimize stocks, reduce management costs, eliminate human errors, and increase the safety of parts

Benefits

- > Product tracking possibilities
- > Reduces time spent on operational processes
- > Totally customizable
- > More security for items of value

Product Details

Dimensions

26x15 mm

Materials

PET

Layers

Two layers

Temperature

-40 °C / +85 °C

IC Type

Monza R6-P / 4 QT
Ucode 7 / 8 / G2im / G2il

Standards

ISO 18000-6C
Class 1 Generation
2 passive UHF

Frequency

Global 860 - 960 MHz

Memory Configuration

128 bit EPC + 32 bits user
96 bit EPC + 64 bit user
